Who We Are

We would like to introduce ourselves as your partners in healthcare industry. The ever increasing demand from the healthcare industry helps us serve you with perfection and professionalism, which in turn works as the driving force behind the ever growing success of our company. Care came into existence in 2003, as an estate Owned Company and has been producing Disposable Syringes with and without needles since that time. In 2010 we upgraded ourselves and began producing enterprise approved by State Drugs Administration and are now specialized in producing all kinds of Disposable Syringes, Insulin Syringes, Hypodermic needles, Disposable infusion set. We also supply all types of relative components of medical grade..

Company gained global recognition as a proficient manufacturer, exporter and supplier of a wide range of variety of disposable products. We are supported by a team of experts and also have a well-built infrastructural set-up, which assists us in designing our range of products in bulk quantities. The use of sophisticated testing methods ensures that all our products meet international quality standards. We are capable to offer customized products as per the demands of our esteemed clients and cater to the needs of Medical, pharmaceutical and other sectors. Further, our ethical business practices and client centric approach has helped us to win many clienteles based in India and Abroad.

We have a certified laboratory to perform physio – chemical, sterility, pyrogen, toxicity and micro-biological tests. We continuously strive to maintain international standards of quality. The never dying quest to serve the health industry with perfection and professionalism serves as the driving force behind the success of our company. All our products are widely appreciated by our various clients. The state-of-the art manufacturing units are backed by various certification and clearances from major government bodies. We are an ISO 9001:2008 & ISO 13485:2003 certified company. The products also have CE marking on them. Some of these certifications also give us an added advantage to capture Indian and overseas market.

The company is in straight forward mode to work for contract manufacturing (OEM). We would be privileged to include you in our client list.

Safety beyond expectation

11 Disposable Foot Wear

Feature

- Made of abrasion resistant material.
- Simple, hygienic & comfortable.
- Prevents dust & contamination.

12 Disposable Aprons

Feature

- Made of special high non absorbent material.
- Blood water & Chemical resistant.
- Permits freedom of movement during operation

Upcoming Products

Surgical Gloves

Made from pure natural rubber latex
Non finger fatigue.
Keeps the Hands cool and comfortable
Avoiding spread of any kind of infection.

Scalp Vein Set

Flexible fixing Wings (butterfly) needle for pediatric and geriatric use.
Soft wing for less pain to patient
Ideal for single push injections
Siliconized, ultra sharp, stainless steel, bevel tip needle
Color coded
Soft clear flexible tubing

Prepare for your Care

Limit uncertainty with single use convenience

1 Single Use Syringes

Care products design combines medical grade components that facilitates crystal clear clarity and raw material which facilitate long shelf life of five years with no risk of contamination ,it is made from the high quality of raw material and undergoes 100% inspection throughout the GMP certified manufacturing process.

Feature

- Manufacturer conform to IS10258/ISO7886-1
- Barrel transparency crystal clear to help for easy view of graduation margin in order to ensure accurate dosage of medication.
- Made of medical grade non-toxic polypropylene/Polyisoprene
- Gasket made from highly inert thermo plastic elastomer and compatible with all medicines.
- High contrast black graduation.
- Safe plunger backstop.
- Piston with Double sealing ring for slow aspiration and injection.
- Sterilization with ethylene oxide gas process as per ISO 11135.

9 Disposable Cap

Feature

- Manufactured from soft non-woven cloth..
- Avoids escape of hair & dandruff.
- Checks shedding of micro organisms during operation.

10 Disposable Face Mask

Feature

- Made of spun bond pp fabric
- Made with International Ultrasonic sealing technology
- Mono/Bi/Three layered
- Excellent breath ability
- Adjustable nose bar for secure fit

2 Hypodermic Needle

Our ultra sharp & smooth siliconized needles are available in all standard length & gauge size.

Care has been a pioneer and leader in developing high-quality, easy-to-use injection devices designed to protect healthcare workers from needlestick injuries and for painless penetration. Needles are manufactured in compliance with ISO 7864 and it features the ultra sharp stainless steel through its optimized automated tipping technology for minimal penetration force. This contributes to preventing tissue injury and more commonly patient discomfort. Additionally Care 100% automated online inspection using cameras and sensors ensures total products quality.

Feature

- Manufactured conform as per IS: 10654/ISO7864.
- Needles are manufactured by using imported cannula having precise tip sharpness and strong bonding strength with the Hub.
- Needles ultra things wall permitting rapid and efficient drug delivery.
- Gauge of needle may be identified easily by the colors of hub manufactured as per ISO 6009.
- Non-toxic and pyrogen free sterilized by ethylene oxide.
- Needle have exceptionally sharp and three facet lancet point to penetrate tissue and with minimal pain.
- Quality inspection through sensors and high resolution cameras.

Gauge	Hub Colour	Needle Length	Diameter
16G	White	1 X 1 / 2"	1.60
18G	Pink	1 X 1 / 2"	1.20
19G	Cream	1 X 1 / 2"	1.10
20G	Yellow	1", 1X1/4", 1X1/2"	1.90
21G	Green	1", 1X1/4", 1X1/2"	1.80
22G	Black	1", 1X1/4", 1X1/2"	1.70
23G	Blue	1", 1X1/4", 1X1/2"	1.60
24G	Medium Purple	1", 1X1/4", 1X1/2"	1.55
25G	Orange	1", 1X1/4", 1X1/2"	1.50
26G	Brown	1/2", 1X1/2"	1.45
27G	Light	3/4", 1X1/2"	1.40

Safety Reassured

3 Insuline Syringe

Care advanced technology makes a difference that you can feel and trust.

Feature

- Ideal sharpness for less pain and more safety and comfort.
- Low dead space design ensures dosage accuracy and minimum wastage of drugs.
- Crystal Clear transparent barrel and bold marking for ease reading.
- Advanced uni-body design.
- Syringe Interior sterile, Non-toxic, non-pyrogenic, non-allergic.
- Minimize the risk of a painful injection in the body.

4 Infusion Set-IV Set

Care Infusion set plays an extensive role in the care of patients and refers to the administration of fluids and medications, nutritional support and infusion therapy.

Feature

- Two variants with and without air vent.
- Infusion set as per ISO 8536-4 : 2007/IS12655(PART-4)2003(20drops/ml=1ml + [DW])
- For Infusion intravenous fluids and medicines.
- Medical grade, soft, transparent and flexible PVC drip chamber for easy monitory of flow rate and easy priming.
- Smooth, strong ABS roller-clamp for easy adjustment of flow rate.
- Medical grade, Non-toxic transparent PVC tube for Kink free effect.
- Unique Micro spike air filters to minimize the contamination.
- Self-sealing rubber bulb.
- Gravity feed.

5 Blood Trans Fusion Set-BT Set

Care Blood Trans fusion set plays an extensive role in the case of patient and refers to the administration of fluids, medications and nutritional support.

Feature

- To variants single double chamber with tube latex or bulb latex.
- Clear transparent and flexible chamber/double drip chamber.
- Super smooth kink resistant tube.
- Very efficient roller controller for accurate flow rate.
- Needle size 18G.
- Sterilized / disposable individual packed

6 Auto-Disable Syringes

Care auto disable Syringes protect from reuse of syringes.

Feature

- Made of Non-toxic, medical grade polypropylene/polyisoprene.
- If reuse is attempted it break plunger automatically.
- Smooth Piston-Lubrication with high quality silicone reduces the required pressure during the injection making it much more comfortable.
- Sharp and clear graduation marks in order to sure accurate dosage of medication.
- Fixed Needle design reduces the dead space the syringes that waste vaccine and eliminates the chances of air bubble entry in to the syringes sue to lose fitting of the needle.
- Clear barrel transparency ensures rapid, precise volume ready.
- Sterilization with Ethylene oxide Gas.

7 Urine Culture Bottle

Specially designed for collection of urine sample for culture test.

Feature

- E.O. sterile.
- Size : 30ml, 60ml (Available as per requirement)
- Individually packed.
- Bottle is made of medical grade granules for clear viewing.

8 Umbilical Cord Clamp

Feature

- Sterile, pyrogen free and non-toxic.
- Finger grip to ensure safe and easy handling, particularly for wet gloves.
- Provided with double purpose security lock with a click to indicate correct locking and protect against accidental re-opening.
- Provided with grooves all along the length to prevent slip of the umbilical cord and to retain it in same position.
